

Dear 24th District Neighbors:

These past couple weeks have seemed like the peak of summer, with signature events in the district such as Fiesta Del Sol and The Chinatown Summer Fair. We all really enjoyed those festivities as well as a few major events that our office co-sponsored along with Senator Celina Villanueva's office and other elected officials in the area.

A couple weeks ago, we held a very successful Job Fair at Arturo Velasquez Institute. The event featured an entire room full of potential employers, including quite a few local nonprofits, as well as city, county and state agencies. Our office often lists job postings at the bottom of our newsletter, but in addition, you can also look at our enhanced website's [job board](#), which lists all the job announcements that get sent to us, plus a few other resources.

Other notable events in the district include the first two Back-to-School events of the summer. We were at Harrison Park last week and at Maria Saucedo Community Academy just this weekend. We are grateful to all of the co-sponsors that have stepped up to provide resources that enable us to give away free books, backpacks and school supplies, including Open Books Chicago, Marquette Bank, and Meridian Healthcare.

Before the summer ends, I wanted to remind district residents that we have a free museum card that constituents can use for up to four free admissions to a wide selection of museums in the area. Fill out the form [here on our website](#) to schedule a time to borrow the card from our office.

Our office will be observing summer hours until Labor Day. Our office will be open Monday through Thursdays from 9 AM to 5 PM and Fridays we will be open from 9 AM to 3 PM. Please contact me at my constituent service office at (872)281-5775 or email us at office@reptheresamah.com and we will be sure to respond when the office is open. We will continue to regularly post helpful information on our [Facebook Page](#).

Sincerely,

A handwritten signature in black ink, appearing to read 'Theresa Mah', written over a white triangular graphic element.
